

# JS Full Stack Web Developer

Want to code on “maps that matter”? Join the nazka-team

Nazka Mapps is looking for an enthusiastic full stack web developer with experience in JavaScript (Node.js, React, Redux).

nazka mapps is developing innovative mapping applications and location-based API's. We focus on applications with added value to society.

## We welcome you with...

- ✓ An open and **modern** management with lots of development **opportunities** and growth
- ✓ An expanding team that supports you. We let each other **grow**
- ✓ Work **flexibly** at **Leuven** and at **home**
- ✓ Eye for good **work-life balance**
- ✓ An interesting **mix** of local, international projects and proprietary products
- ✓ A **nice salary package** with fringe benefits (meal vouchers, mobile, laptop,...)

## You have...

- ✓ a bachelor/master in IT (or convince us if you think that's not necessary for the job)
- ✓ **5-10** years of **experience** in programming of web-applications and API's (in Javascript)
- ✓ strong interest in geo-ict (open data, GIS) and mapping (Leafletjs, Mapbox, WebGL)
- ✓ knowledge of NoSQL **databases** (MongoDB), AWS services and DevOps
- ✓ agile mind-set and **hands-on** mentality
- ✓ a testing-attitude and focus on **quality**

## You will contribute to...

- ✓ The development & implementation of our **map applications** (mapps) and data webservices (**API's**)
- ✓ **Development** and maintenance (**DevOps**) of the **back-end** building blocks (server, databases, storage, AWS-management)
- ✓ The follow-up of new technologies and libraries to continually improve our mapframe **components, modules** and **stack**

## Moreover you are...

- ✓ eager to **learn** and open minded
- ✓ a **team** player, helpful, you want to win together
- ✓ **passionate** with scrum development and coding for fun
- ✓ in favour of **open** source and open data
- ✓ interested in location based applications, mapping and open data
- ✓ strong **communication** skills, also in Dutch

Interested?

Convince us with your enthusiasm and resume
